

RESOURCES FOR STUDENT MUSICIANS - EDUCATOR GUIDE

Getting what you want in music I: What do you want from your life and career?

This resource is designed to help students reflect on what they have already learned and developed as well as where they might focus next. The circular figure is useful as a prompt for career planning, goal setting, discussion and reflection.

Time allowance

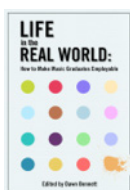

Allow students only 5 minutes to reflect on the resource task and then follow this with discussion.

Extensions and adaptations

We provided just a single question, but you might want to target students' thinking or to align this activity with another resource such as [the lifestyle quiz](#).

Student resource

The student resource for this guide can be found on the [Developing EmployABILITY student website](#) and in the [music toolkit on our educator website](#).

This resource comes from *Life in the Real World: How to Make Music Graduates Employable*, published by Common Ground in 2012. Purchasers of the book are permitted to download all of the tools and resources.

If you have yet to purchase the book, please order it from [here](#).
