

RESOURCES FOR STUDENT MUSICIANS - EDUCATOR GUIDE

Get to know your dream work

This resource challenges students to track work opportunities through the course of a semester and to develop a plan to achieve these.

Time allowance

This activity can run “behind the scenes” throughout a semester, with students checking in every now and then. I tend to have students work in pairs and check in with their partner. Students track opportunities that interest them over the 12 weeks or longer. The resource includes questions which relate to a music performance goal, so please add to the questions if your students are not all performance majors!
